MADRIX Will Not Exhibit At Prolight + Sound 2020

The MADRIX team has decided that it will not exhibit at Prolight + Sound 2020 in Frankfurt, Germany.

"Unfortunately, we cannot participate in Prolight + Sound this year", explains Sales Manager Christian Hertel. "This was not an easy decision for us at all. We have been exhibiting at the show every single year since 2005 and had really been looking forward to it. It is an absolute highlight each year for our entire team and all of our customers, partners, and distributors. Due to the show's recent postponement by Messe Frankfurt, we are running into scheduling conflicts and thus cannot attend anymore."

inoage is looking forward to staying in contact with everyone and wishes Messe Frankfurt as the organizer, all exhibitors, partners, and especially all visitors a successful show.

About MADRIX®

Benefit from years of experience and industry knowledge. inoage® develops lighting software since 2005. Our dedicated team created the award-winning controller MADRIX® 5. We are located in the beautiful city of Dresden. MADRIX® is all about powerful yet simple products for creative LED lighting. This includes compelling tools for lighting management, monitoring, and control. We are proud to put our newest innovation into your hands. MADRIX® products are proudly designed, engineered, and made in Germany. We are creating high-quality products for you that are easy to use and reliable. Innovative features will bring you the best results. And opting for such highly manageable products means that you can drastically reduce on-site support; and thus your time and costs.
